

Our Code of Conduct

Rather than a fixed set of rules, we have a simple code of behaviour we expect all of our community to follow - pupils, staff, parents and visitors

General

A breach of common sense is a breach of this code and School Rules

Safety

Behave in a manner that gives you the best chance of being safe and avoiding danger to others or damage to school property

Consideration

Demonstrate kindness, consideration and good manners to all around you

Appropriate Behaviour

Demonstrate behaviour and use of language that is appropriate to the situation in which you are currently working

Ambassadors

When away from school premises on a school trip such as an away match, you are representing the school in all that you do and should act in an appropriate manner at all times

Respect

Respect other members of the WHP Community and their property. This extends to animals and natural habitats of the School

Above all, individuals and groups must treat others as they would themselves like to be treated.
